## SIGN UP FOR A WORKSHOP

with *Kylie Rose McLean*

### \* *Printing, Dyeing, Reusing, Stitching*

An exploration of printing & dyeing with eucalyptus leaves, reusing existing materials & creative stitching. Discover the simplicity and beauty in printing and dyeing fabrics using eucalyptus leaves, be inventive through the reuse of existing fabric items and express your creativity in stitch.

### \* *Jeans Transformation*

Ever imagined your jeans as a bag? Be introduced to the idea of reusing pre-loved items and learn to innovatively create a stylish bag from pre-loved jeans.

### \* *Crochet a Wire Bracelet*

Loop the loop with wire, a crochet hook and glass beads to create a beautiful crocheted wire bracelet for yourself or as a gift for someone special.

### \* *Create an Advent Calendar*

The festive season is around the corner, time to stretch your imagination and think outside the square! Use found objects, fabric off-cuts and bits & pieces to create a funky, very personal Advent Calendar.

*I'm interested in being creative, making beautiful things and sharing ideas. I love working with textiles, ceramics, found objects, fibre and wire.*

*I enjoy creating stories with these items - mixing, arranging and altering them, playing with colour, texture and pattern, reusing materials. I am also particularly inspired by the natural, earth friendly and unpredictable processes involved in eco-printing and dyeing.*

*My background is in design with a Bachelor of Design from the University of Technology, Sydney and Graduate Certificate in Production Design from the Australian Film, Television and Radio School. Working in the film & television, advertising and event industries, as well as teaching and pursuing my own artistic endeavours, has given me the opportunity to learn a broad range of creative skills.*

\* Join a relaxed, fun learning environment where questions are encouraged, ideas shared and skills passed on.
